Need Time Away? We Have Vacation Loans

As the days get longer and the weather gets warmer, happy thoughts of summer vacations fill our minds - the salty sea air, the smell of suntan lotion, happy children frolicking in the sand, warm nights under the palm trees, the feeling of pure and simple relaxation. However, for many consumers, times are tight and a vacation might seem like a luxury. Luckily, PAFCU is here to help with a Vacation Loan. A vacation loan lets you set a budget and makes it easier to stick to it. Apply online at pafcu.org.

Maximum Amount: \$5,000

PAFCU Scholarships

People's Alliance Federal Credit Union will once again be providing five graduating high school seniors \$1,000 each to put toward the cost of tuition for college.* All members in good standing can enter themselves, their children, grandchildren, brothers and sisters. Each person entered must be graduating high school in 2017 and plan to enter an accredited college or university this year.

Winners will be chosen in a random drawing. All winners will be notified by telephone and announced in our First Class newsletter. Apply by June 30, 2017 at pafcu.org.

*PAFCU employees, volunteers and their family members are not eligible.

Already Bought A New Vehicle – But Looking to Save Money?

Life doesn't always give you a second chance, so when one comes around, grab it! If you have a high-interest rate vehicle loan from a dealer or another financial institution, make People's Alliance your next stop. Just bring in your paperwork. Chances are we can refinance your loan at a lower rate. Plus, we're offering a 1% rebate* when you transfer your auto loan from another financial institution!

Who doesn't need some extra money each month? That's money you can sock away in savings, pay off a credit card bill or use for whatever you like. In addition, with the convenience of payroll deduction or automatic transfer, you can put your new "lower" loan payment on autopilot.

Don't delay. The sooner you refinance your vehicle loan, the more money you'll save. Contact the credit union and talk to one of our friendly loan specialists about a vehicle loan.

*This offer does not include real estate secured, credit card and line of credit loans. Additional terms and conditions may apply. Rebate up to \$250.

A Message from the President

Now that winter is fading away, it's time for a little spring cleaning. Let your friends at PAFCU help. We can shake the dust off your financial burdens and brighten your future with excellent savings opportunities. When you save at PAFCU you can be sure you'll get the best rates and the best products for your hard-earned money.

And speaking of savings, April is National Credit Union Youth Month, an annual event sponsored by the Credit Union National Association (CUNA). The purpose of Youth Month is to teach our young members the benefits of saving for their future and provide suggestions on how to stash their cash. PAFCU is gearing up to celebrate Youth Month with lobby days, prizes for opening youth accounts, plus the chance to enter a raffle and win \$50.00. Please visit any of our 9 branches to participate.

Keeping in line with the topic of saving, I would like to let you in on a great new product PAFCU is offering. It's called the Lucky Savers Program. It's actually a 12-Month Building Share certificate, however, this is no ordinary certificate! With Lucky Savers, members are eligible to win monthly and quarterly cash prizes. Yes-cash! All you have to do is open up a Lucky Savers certificate with a minimum deposit of \$25.00 and build your savings with minimum deposits of \$25.00. Every time you make a deposit of \$25.00, you are entered in a drawing to win, giving you up to 10 chances every month. Not only do you get a chance to save, but you get a chance to earn even more. You can't beat that!

As you know, April 15th is right around the corner: the official day to submit your income taxes. For those of you receiving a tax return, it might be a great time to put aside a portion of your returns and invest in a Lucky Savers Certificate or perhaps a long-term high-interest certificate. We have plenty of options for you to choose from. Please come in and speak to one of our member services representatives and see what works best for you.

I would also like to remind you that PAFCU will once again hold our annual scholarship contest to help offset some of those college expenses. Please check our website for details on how to enter that special student in your life. Five lucky winners will be chosen at random for a chance to win \$1000.00.

Thank you once again for your continued support. We wouldn't be PAFCU without U. I will leave you with an interesting quote from Ezra Taft Benson.

"Do not leave yourself or your family unprotected against financial storms... Build up savings."

Most Sincerely,

Carol A. Allen, President/CEO

Teen Scene

How To Get (And Keep) Control Of Your Money

Does life ever feel a little bit crazy, like a roller coaster ride? Being a teenager can be tough. You're trying to assert your independence while still relying on your parents. You're trying to make your own decisions about important things affecting your life but deep down

you really need that input from Mom and Dad. This might lead to frustration and disagreements. It's likely that part of this "out-of-control" feeling is stemming from money-related issues.

Maybe you have a part-time job but are spending more than you're saving. Perhaps you want to save more but aren't quite sure how to go about that. Your parents want to help but you want to manage your own cash. Well, it's time to get control of your money and your credit union can teach you how!

Believe it or not, it just takes some sound advice, a few simple strategies, and some good old determination to get and keep control of your financial situation. And by getting started now, you'll be in great shape for the future.

Here are Surefire Ways to Become a Budget Master:

- Track spending vs income. If there is more going out than coming in, you can either eliminate certain expenses or find ways to earn more money.
- Create a realistic budget. You can put a budget in place that will help you recover from poor spending habits and get you where you want to be in terms of saving.
- Distinguish between wants and needs. What are necessities and what can you live without? Cut back and save more!
- Set goals for saving. Figure out important, often big-ticket expenses that might be coming up, like college or a car. If you plan ahead and know these are looming, you can cut out wasteful spending to have the money for them when you need it.
- Say "no" to whimsical spending. Focus your time and energy on learning how to save rather than spend by avoiding places and people that might tempt you to buy stuff you don't need. You'll start seeing the money in your savings account grow.
- Reward yourself. If you've been sticking to your budget, it is ok to splurge on something you love once in a while. A special treat will often give you the momentum to keep going on the right track!

Teaching Your Kids To Save

As a parent, you want your kids to learn all of the things they need to know to succeed in life. You make sure they do their homework, get some exercise, and spend quality time with friends and family. But one of the most important life lessons you can teach them is how to save money. Here are three tips to help you help your kids down the path to future financial security:

1. Lead by example. Explain how you save money for future needs: retirement, vacations, emergencies.
2. Reward savings with a match. When your kids get money as a gift or for doing extra chores, deposit a portion of it in their PAFCU savings account, match all or a percentage of that amount. So, for example, if your son receives \$50 as a birthday gift and puts \$20 in his savings account, you could add \$10 or \$20 as a bonus and incentive to save more in the future.
3. Save as a family for a goal. Let's say you are planning a trip to Disney World. As a family, determine how much you will need for this vacation. Have your kids decorate a box or a jar with pictures of the Magic Kingdom and the total amount you will need to save. Then each week, everyone contributes to the fund by putting money in the container - even small change can add up. The key is to show the benefits of regular contributions. When the container is full, count the money together, and then deposit it into a specially designated savings fund at the credit union. Have the kids draw a thermometer to show your progress towards the goal; each time you make a deposit, mark it accordingly.
